Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Lowest Rates

The rates quoted in this book are for ordinary transportation only, and do not include Marine Insurance, Customs Dues or other Governmental Expenses. Shipments valued in excess of $50 are charged additional for value according to distance carried.

FREIGHT CLASSIFICATION RULES

The Dominion Express Company gives a receipt for every shipment without reference to the size, value or distance to be carried; this receipt should be carefully preserved and attached to the claim in case of loss, damage or delay.

The Dominion Express Company is not liable for more than $50 on any shipment, unless a greater value is declared and entered on the receipt at time of shipment.

GRADUATED RATES apply to matter weighing less than 100 pounds when the rate is under $2.00 per 100 pounds, and to matter weighing less than 50 pounds when the rate is $2.00 or more per 100 pounds. **Example:** Between points where the rate is $1.75 per 100 pounds, a box weighing 73 pounds is charged for at the graduated rate under $1.75, which makes the proper charge on over 70 to 75 pounds $1.50. (See graduated rates scale on last two pages of this book.)

WHEN THE RATE between any two points is not given in the table of graduated charges use the next higher rate for making price, but do not charge more than for 100 pounds at the actual rate. **Example:** The correct charge for 75 pounds at 80c. per 100 lbs. would be 60c., not $1.00, according to the graduate on 75 pounds at $1.00.

All shipments are charged for at gross weight at time of shipment, unless otherwise specially provided for. On shipments of perishable matter, estimated weights are used only when ice is used in preservation. When no ice is used, actual gross weights apply.

EXTRA RATE CHARGES—On shipment subject to extra rates, as one and one-half, or double rate, find graduated rate according to tariff, and then add one-half, or double it, as required. **Example:** If a package weighs 25 lbs. rated at double rate, and the rate to destination is $1.00 per hundred lbs., the charge for 20 to 25 lbs. is 55 cents. double this, $1.10, is the proper amount.

VALUATION CHARGES WITHIN CANADA AND THE UNITED STATES—When the value of any merchandise shipment (C.O.D., or otherwise) exceeds $50, an additional charge is made for value, whether insured or not.

C.O.D. SHIPMENTS—The letters "C.O.D." and amount to be collected, must be plainly marked upon each article with which a bill is sent to be collected on delivery. If shipper requires collection of charge for return of money, the C.O.D. envelope and the package must be plainly marked "C.O.D $.....and return charges."

All orders to deliver C.O.D. goods without collecting C.O.D. must have the approval of the agent of this Company at the shipping point; shippers will therefore save time by advising the express agent to whom the goods were delivered, to have C.O.D. released.

Shippers desiring currency or coin different from that current where Collection is to be made, must write their instructions plainly on the C.O.D. bill of collection.

Paid C.O.D.'s and Paid Collections will be opened and the contents counted by this Company's employee making the delivery, in the presence of the consignee or his duly authorized agent, and any shortage or uncurrent money made good.

Money packages are put up by shippers, and the contents are not counted by the employees of this Company; consignee should therefore open such packages by cutting the string at the ends of the envelope to preserve the seals.

Watches and Jewelry should be packed separately, and not in the same package with shipments of ordinary merchandise.

The rates of this Company will always be as low as competing companies' rates between the same points.

All claims will be promply investigated and refund made in case of overcharge.

Where two rates are given in this book $\left\{ \begin{matrix} 1\ 50 \\ 75 \end{matrix} \right\}$ graduate on each rate, as per Table of Graduated Charges on last two pages of this book.

RATES GIVEN HEREIN ARE SUBJECT TO CHANGE WITHOUT NOTICE.
